

- your business within reach -

# WHY CLOUD?

Services run through browsers and apps on Smartphones and Tablets

# WHAT IS CLOUD?

- Cloud computing is providing unlimited infrastructure to store and execute customer data and program
- As a customer you do not need to own the infrastructure, they are merely accessing or renting
- Utilise and consume resources as a service, paying for what you use

 **BRILCLOUD**

BrilCloud is your very own online storage on the go. BrilCloud gives you the ability to securely store your files without the need to install additional storage hard drive on your electronic devices.

BrilCloud securely stores everything you need from data, music, videos, photos and documents. With BrilCloud, you have the freedom to access your files wherever you go.

# FEATURES

## ACCESS YOUR FILES ANYWHERE

- BrilCloud allows you to store any type of file, folder, contact, document, photo, music, videos, calendar and more as well as access them anywhere anytime from your web browser.

## KEEP YOUR DATA UP TO DATE

- BrilCloud keeps all your files, folders, contacts, documents, photos, music, videos, and calendars synchronised between your devices. With Version Control, you can keep track and maintain different versions on the go.

# FEATURES

## SHARE YOUR DATA

- BrilCloud allows you to share all your files directly or via email with your contact list. You also have the option to share your data securely with a password protection function.

## INSTANT PREVIEW

- BrilCloud makes things easier for you with instant thumbnails of your photos and live streaming of music and video. You can create a playlist and listen to your music, or watch your video online without the need to download them. With a PDF viewer, you can also view and read your documents and ebooks right on your web browser.

# FEATURES

## CALENDARS [Web Browser only]

- BrilCloud lets you manage your meetings and deadlines with just a few simple clicks.

## GALLERIES

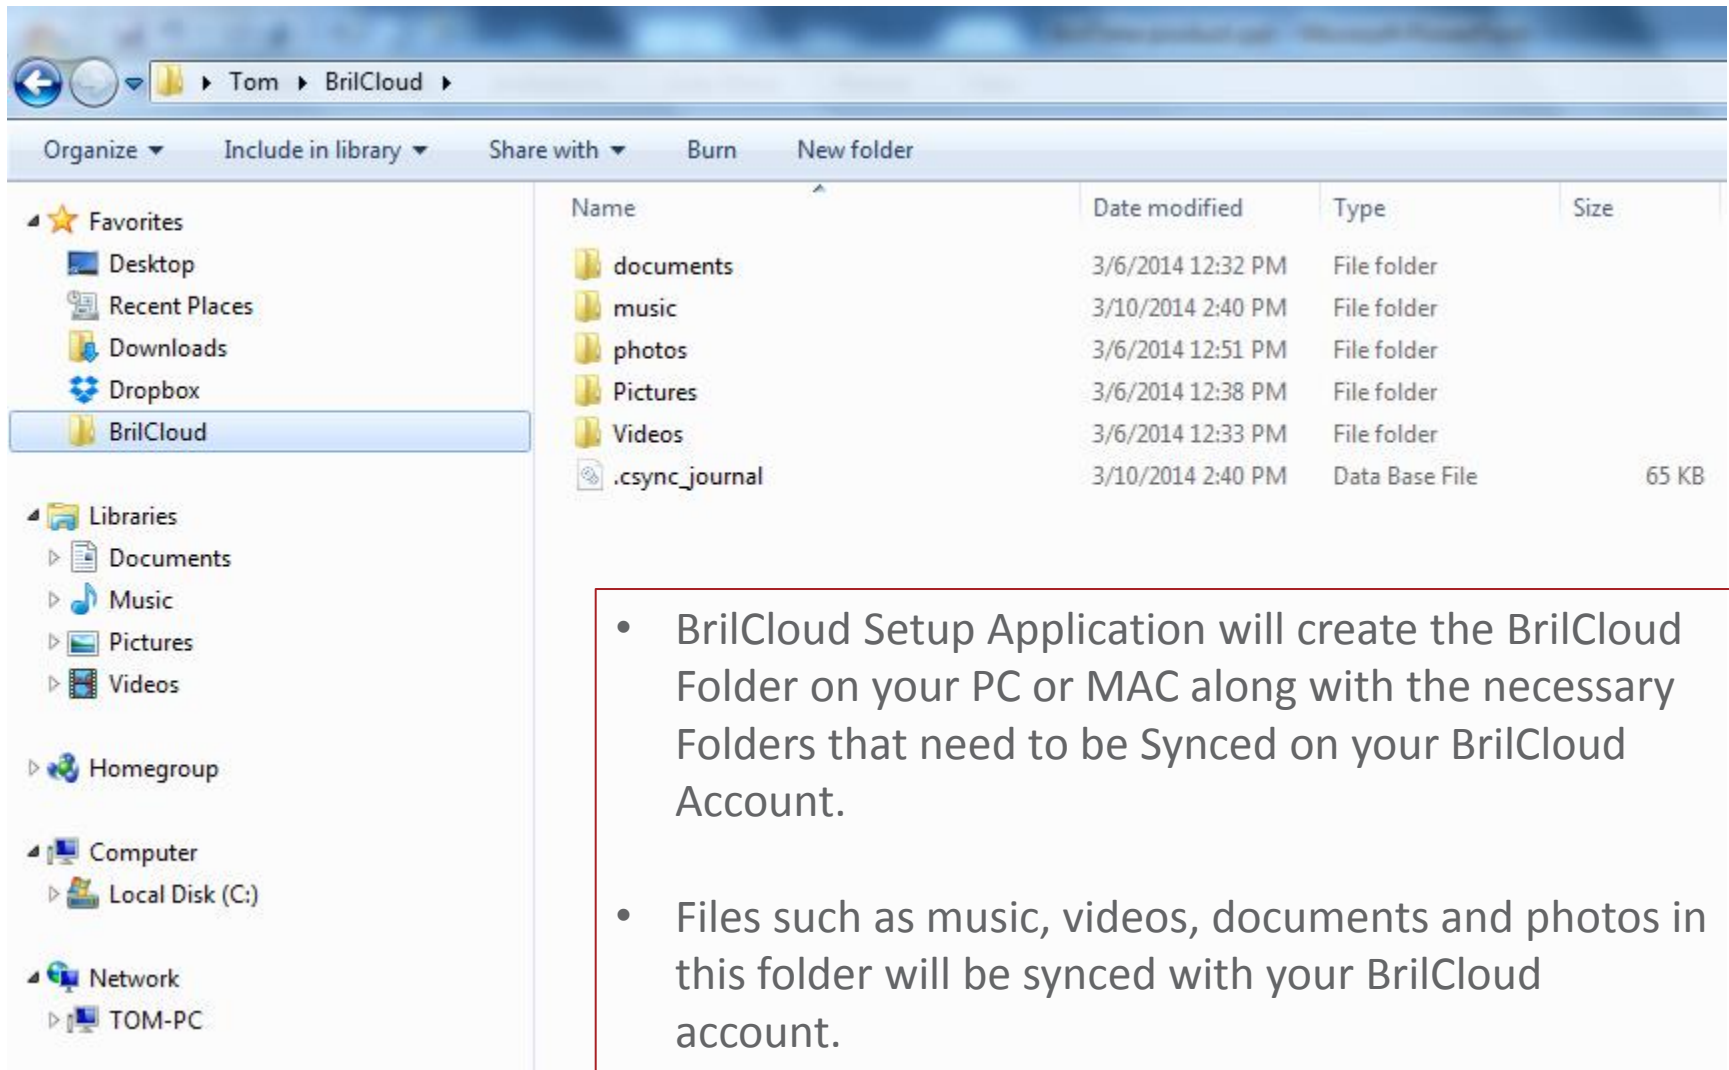

- Sharing your photos has never been easier. BrilCloud allows you to upload and share your photos with anyone and even secure them with password protection and an expiry date.

## RESTORE

- With BrilCloud you can restore a file that was accidentally deleted by simply selecting the files in the Trash Bin and returning them to where they were deleted from.

# SETUP

Name	Date modified	Type	Size
documents	3/6/2014 12:32 PM	File folder	
music	3/10/2014 2:40 PM	File folder	
photos	3/6/2014 12:51 PM	File folder	
Pictures	3/6/2014 12:38 PM	File folder	
Videos	3/6/2014 12:33 PM	File folder	
.csync_journal	3/10/2014 2:40 PM	Data Base File	65 KB

# CONTACTS

The screenshot shows a web browser window displaying the BRILCLOUD contacts management interface. The browser's address bar shows the URL `brilcloud.com/index.php/apps/contacts/#1370`. The page header includes the BRILCLOUD logo, a search bar, and the user name 'karanpunjabi'. The left sidebar contains navigation options: '+ New Contact', '+ New Group', 'All', 'Not grouped', 'Files', 'Pictures', 'Music', 'Contacts', and 'Calendar'. The main content area displays a contact profile for 'Maulik'. The profile includes a placeholder for a profile picture, a 'Select groups' dropdown menu, and the following details: Title: System Analyst, Organization: Brilltime Corp., Birthday: 20.03.1985. The 'Phone' section lists: Work: maullk@brilltime.com, Mobile: +919867160121, Work: http://www.brilltime.com, and Work: Jabber: Instant Messenger. Below the profile are buttons for 'Close', 'Download', 'Add field...', and 'Delete'. At the bottom of the profile, a summary row shows the contact name 'Maulik', email 'maullk@brilltime.com', and phone number '+919867160121'. A text box with a red border is overlaid on the bottom right of the screenshot, containing two bullet points.

- Customise your Contact Information by choosing the fields
- Import your contacts/address books
